Da, na, ta, tun, da, na

Da, na, ta, tun, da, na

Yeah

Da, na, tun, nu

Da, na, tu, nu

I wanna change the world

But I know I have to start with me

Can you help me?

When your world is closin' like

It's comin' at ya

When you're in the darkest corner

I'm the one who'll come and catch ya

When your life is wanderin'

Down some nowhere highway

Try a different point of view and

Do your best to see things my way

Lookin' down, there is brother facin' brother

Dyin' one by one, oh

But from the ground you can look up at the stars

And see the words, "I love you" painted high above you

Gonna change the world

Gonna make it right

(Oh yeah)

Gonna get down on my knees tonight

Gonna change it all

Gonna find a way

Gonna start to change the world today

There is not a book that

You cannot rewrite

When you are in the darkest corner

All you do is shine you're light and

When the other guy is

Bigger than the sky

Just before he's gonna hit ya

You can always try a smile 'cause

All around hear a million lonely people
As they say, "Goodbye", oh
Yet there's a sound of a world that's full of laughter
Because now I know I'm better at hello and

Gonna change the world
(Change the world)
Gonna make it right
(Make it right)
Gonna get down on my knees tonight
Gonna change it all
(Change it all)
Gonna find a way
Gonna start to change the world today

When something is wrong
Only we can turn it around
So give me your hand my brother and walk together
'Cause we got a mountain to climb

Da, na, ta, tun, da, na
Da, na, ta, tun, da, na
Yeah
Da, na, tun, nu
Da, na, tu, nu
Change the world today

Gonna change the world
(Yeah)
Gonna make it right
(Make it right)
Gonna get down on my knees tonight
Gonna change it all
Gonna find a way
(Find a way)
Gonna start to change the world today

(Ohh woh woh)
Gonna change the world
Gonna make it right
Gonna get down on my knees tonight
Gonna change it all
(Change it all)
Gonna find a way
Gonna start to change the world today
(Ohh)

Gonna change the world
(Ohh yeah)
Gonna make it right
Gonna get down on my knees tonight

(Change the world)
Gonna change it all
