(INTRO, SPOKEN BY HANNAH)

i just killed a puppy, and i'm gonna do it again. in  
wrung its little puppy neck, and its little puppy eyeballs  
got really wide as broke its little puppy neck.

die puppy die!  
die puppy die!  
die puppy die!  
die puppy die!  
die puppy die!

oh yeah! oh yeah! we secretly kill small animals then  
sell the corpses for scientific reseach!

burn puppy burn!  
burn puppy burn!  
burn puppy burn!  
burn puppy burn!  
burn puppy burn!

BRADLEY (ALONE): and i fucked a pig.
