everybody's got somethin'
they had to leave behind
one regret from yesterday
that just seems to grow with time
there's no use looking back or wonderin'
how we could be now or mighta been
oh this I know
but still I can't
find ways to let you go
I never had a dream come true
till the day that I found you
even though I pretend that I've moved on
you'll always be my baby
I never found the words to say
you're the one I think about each day
and I know no matter where life takes me to
a part of me will always be with you
somewhere in my memory
I've lost all sense of time
and to my world could never be
'cause yesterday is all that fills my mind
there's no use looking back or wonderin'
how it should be now or mighta been
oh this I know
but still I can't find ways to let you go
I never had a dream come true
till the day that I found you
even though I pretend that I've moved on
you'll always be my baby
I've never found the words to say
you're the one I think about each day
and I know no matter where life takes me to
a part of me will always be-
you'll always be the dream that fills my head, yes you
will, say you will, you know you will oh baby
you'll always the one I know I'll never forget
there's no use lookin' back or wonderin'
because love is a strange and funny thing
no matter how I try and try
I just can't say goodbye
I never had a dream come true

till the day that I found you
even though I pretend that I've moved on
you'll always be my baby
I never found the words to say
you're the one I think about each day
and I know no matter where life takes me to
a part of me will always be-
a part of me will always be with you
