If it's love, if it's love, baby  
If it's love, if it's love, baby  
If it's love, if it's love, baby

When your world has fallen apart  
And still your strong at heart  
Something has changed around you  
When the stars shine from the sky  
From morning until night  
Something has changed inside you

Now you're here, don't ever go  
If it's a dream, don't wanna know  
Let me believe in this feeling  
For the rest of my life

If it's love then I don't wanna come down  
If it's love in us then leave me to drown  
If it's love that I see then don't rescue me  
'Cause nothing could be greater than this rush  
If it's love

When you put troubles in the snow  
And still the flowers grow  
Something has changed around you  
When the future lifts your heart  
And hope is all you've got  
I know it's because I found you

Now you've come, don't ever let go  
If I'm wrong, don't wanna know  
Let me believe in this feeling for the rest of my life

If it's love then I don't wanna come down  
If it's love in us then leave me to drown  
If it 's love that I see then don't rescue me  
'Cause nothing could be greater than this rush  
If it's love

Hold me now, let the feeling go on  
(Feeling go on)  
Hold me close, let the feeling so strong

(Feeling so strong)

Can't be wrong let because the feeling's so right  
(Feeling's so right)  
Just let me stay tonight for the rest of life

If it's love, if it's love baby  
If it's love, if it's love baby

If it's love then I don't wanna come down  
If it's love-in-us then leave us to drown  
If it's love that I see then don't rescue me  
'Cause nothing could be greater  
(Nothing could be)  
'Cause nothing could be greater  
(Nothing could be)

If it's love, only if it's love  
If it's love  
If it's love, if it's love baby  
If it's love

If it's love, if it's love baby  
(Only if it's love)  
If it's love  
If it's love, if it's love baby  
(Only if it's love)
