Ba do be do be da
Do do do do do do do
Do do do do do do do
Da do be do be da

So tell me how you feel
Tell me what is going on
Cause when all hope is gone
You need a friend

I'll be there for you
I'll be there to help you through
Take you to another place
Cause you've got a friend

When you're feeling low
And you're on your own
Got no where to go
You've got to pull yourself together

It's all right
Anything you wanna
It's all right
Leaving all your troubles
Far behind
Don't let anybody tell you
How to live your life

Cause it's all right
No matter what you're feelin
It's all right
You better start believin'
In yourself
Don't let anybody tell you
How to live your life

Cause it's all right

do do do do do do do
do do do do do do do
do do do do do do do

ba do be do be da
You know it's gonna be all right

You gotta understand now
Tomorrow is a brighter day
The memories will fade away
And the sun will shine on you

So many friends you get to make
So many hearts you get to break
So much love you've got to give
Your whole life's still left to live

Spread your wings and fly
Kiss the pain good-bye
Let the tears run dry
You've got to get yourself together

It's all right
Anything you wanna
It's all right
Leaving all your troubles
Far behind
Don't let anybody tell you
How to live your life

Cause it's all right
No matter what you're feelin
It's all right
You better start believin
In yourself
Don't let anybody tell you
How to live your life
Cause it's alright

Do do do do do do do(why don't u tell me it'll be
alright)
Do do do do do do do(you know it's gonna be alright)
Do do do do do do do(please tell me it'll be alright)
Ba do be do be da

When you're feeling low
And you're on your own
Got no where to go
Now's the time to get yourself together

It's all right
Anything you wanna
It's all right
Leaving all your troubles
Far behind

Don't let anybody tell you
How to live your life

Cause it's all right
No matter what you're feelin
It's all right
You better start believin
In yourself
Don't let anybody tell you
How to live your life
Cause it's alright
