Dooby, dooby dah
Do, do, do, do, do, do do do
Do, do, do, do, do, do do do
Do, do, do, do, do, do do do
Dooby, dooby dah

So tell me how you feel
Tell me what is going on
'Cause we're not always gone
You need a friend, ahh yeah

I'll be there for you
(For you)
I'll be there to help you through
(You through)
Take it through another pace
(Another pace)
'Cause you got a friend
('Cause you got a friend, yeah)

When you're feeling low
And you're all alone
Got no where to go
You gotta pull yourself together

It's alright
Anything you wanna
It's alright
Keep in all your trouble

Full-speed high
Don't let anybody tell you how to live your life
'Cause it's alright
You gotta watch your feeling

It's alright
You'd better start believing in yourself
Don't let anybody tell you how to live your life
'Cause it's alright

Do, do, do, do, do, do do do
Do, do, do, do, do, do do do

(You know it's gonna be alright)
Do, do, do, do, do, do do do
(Ahh yeah)
Dooby, dooby dah

You gotta understand now
Tomorrow it's a brighter day
(Oh yeah)
Yesterday is gonna fade away
And the sun will shine on you, yeah

So come make friends
You get to make so many hard to get you breaks
So much love you gotta give
Your whole life's still left to live

Spread your wings and fly
Kiss your plane goodbye
Let the tears run dry
You gotta get yourself together

It's alright
Anything you wanna
It's alright
Keep in all your trouble

Full-speed high
Don't let anybody tell you how to live your life
'Cause it's alright
You gotta watch your feeling

It's alright
You'd better start believing in yourself
Don't let anybody tell you how to live your life
'Cause it's alright

Do, do, do, do, do, do do do
(Tell me it's gonna be alright)
Do, do, do, do, do, do do do
(You know it's gonna be alright)
Do, do, do, do, do, do do do
(Please tell me it'll be alright)
Dooby, dooby dah

When you're feeling low
And you're on your own
Got no where to go
Now's the time to get yourself together

It's alright
Anything you wanna

It's alright
Keep in all your trouble

Full-speed high
Don't let anybody tell you how to live your life
'Cause it's alright
You gotta watch your feeling

It's alright
You'd better start believing in yourself
Don't let anybody tell you how to live your life
'Cause it's alright
