Everybodys got something they had to leave behind,
One regret from yesterday that seems to grow with
time,
Theres no use lookin back or wondering,
How it could been now or might have been,
all this i know , but still i cant find ways to let u know,

chorus

I never had a dream come true,
Til the day that i found u,
Even though i pretend that ive moved on youll allways
be my
baby,
i never found the words to say,
Your the one i think about each day,
And i know no matter where life takes me to apart of
me will
allways be with u

Somewhere in my memory ive lost a sense of time
And tomorrow could never be
cause yesterday is all that fills my mind and theres no
use
lookin back or wonderin
How it should be now or might a been
all this i know but still i cant find ways to let u go

chorus

Youll always be the dream that fills my head
Yes u will say u will u know you will oh baby
Youll allways be the one i know ill never forget
Theres no use lookin back or wonderin
because love is a strange and funny thing
No matter how I try and try
i just cant say goodbye
No No No No

chorus
