When your heartbeat's taking over
And there's nowhere you can go
And the love that you discover
Has finally taken hold

When it feels like the beginning
And the story will unfold
There's a time to take your chances
Don't be scared of the unknown, ooh

'Cause you can't fight it
Don't deny it
Love is stronger than each other
Show me baby, what you're gonna do, do

'Cause love ain't gonna wait for you
Don't run, don't hide
Love ain't gonna wait for you
It's so good, it's so right
Love ain't gonna wait for you
You know that it's true
Love ain't gonna wait for you

So baby hold me, bring me closer
Be the one I give my all
Please don't wait for a minute longer
'Til you finally give your heart, ooh

You can't hide it
Don't deny it
Love is stronger than each other
Show me baby what you're gonna do, do

'Cause love ain't gonna wait for you
Don't run, don't hide
Love ain't gonna wait for you
It's so good, it's so right
Love ain't gonna wait for you
You know that it's true

I can't hold back what I'm thinking
Don't you tell me that I'm dreaming

You know that there's something you should do, do,
do, do, do

'Cause love ain't gonna wait for you
Don't run, don't hide
Love ain't gonna wait for you
It's so good, it's so right
Love ain't gonna wait for you
You know that it's true
Love ain't gonna wait for you

'Cause love ain't gonna wait for you
Don't run, don't hide
Love ain't gonna wait for you
It's so good, it's so right
Love ain't gonna wait for you
You know that it's true
Love ain't gonna wait for you

'Cause love ain't gonna wait for you
Don't run, don't hide
Love ain't gonna wait for you
It's so good, it's so right
Love ain't gonna wait for you
You know that it's true
Love ain't gonna wait for you
