In the years to come
Will you think about these moments that we shared?
In the years to co-ome
Are you gonna think it over
And how we lived each day with no regret

Nothing lasts forever though you want it to
The road ahead holds different dreams for me and
you

Sometimes goodbye
though it hurts in your heart
is the only way for destiny
sometimes goodbye
though it hurts is the only way now
for you and me
Though its the hardest thing to say
Ill miss your love in every way
So say goodbye
Oh dont you cry
cause true love never dies

In a year from now
Maybe therell be things
Well wish wed never said
In a year from no-ow
Maybe well see eachother,
standing on the same street corner,
no regrets

Each and every end is always
written in the stars
If only I could stop the world
Id make this last

Sometimes goodbye
though it hurts in your heart
is the only way for destiny
sometimes goodbye
though it hurts is the only way now
for you and me

Though its the hardest thing to say
Ill miss your love in every way
So say goodbye
but dont you cry
cause true love never dies

And when you need my arms to run into
Ill come for you
Nothing will ever change the way I feel

Sometimes goodbye
though it hurts in your heart
is the only way for destiny
sometimes goodbye
though it hurts is the only way now
for you and me
Though its the hardest thing to say
Ill miss your love in every way

So say goodbye
but dont you cry
cause true love never- dies
