That's what love can do
(Ooooooh)
I don't want to break your heart in two
That's what love can do
(Ooooooh)
I want you to know, I'm letting you go

You're just a fool,
You say that I'm number one,
And you'll always be true.
How can this be,
You say you've fallen in love,
You don't know what it means.

But look around and you will see,
Broken promises and jealousy,
Is that what you should want for us to be,
One time lover turned enemy.

But that's what love can do
(Oooooh)
I don't want to break your heart in two
And leave you crying
That's what love can do,
(Oooooh)
Oh no
I want you to know
I'm letting you go

All I can say is that,
I'm looking no further ahead than today.
Too young for this game,
On the road to forever,
We don't know the way.

So just forget about eternity
All the promises we just can't keep
(ooh)
Look down any street that's what you'll see
(ooh)
I don't want to bring you to your knees

But that's what love can do
(Ooooh)
I don't want to break your heart in two
And leave you crying
That's what love can do,
(Ooooh)
Oh no
I want you to know
I'm letting you go

(Whooooooooaaaaa!)
(So you tell me)

That's what love can do to ya honey
Say that's what love can do to you
That's what love can do to ya
Do to you

Look around and you will see
Broken promises and jealousy
(ooh)
Is that what you should want for us to be
(ooh)
One time lover turned enemy

But that's what love can do
(Ooooh)
I don't want to break your heart in two
And leave you crying
That's what love can do,
(Ooooh)
Oh no
I want you to know

That's what love can do
(Ooooooh)
I don't want to break your heart in two
That's what love can do
(Ooooooh)
I want you to know
I'm letting you go
