Hooooooooowwwll
Oh wey,oh wey,
Ooohhhh,
Viva la fiesta,
Ooohhhh,
Viva la fiesta,
Dancing in the moonlight until the break of day,
Just let the rhythm take control.
Can you feel the spirit?
I know that you can hear it,
There's a fever in your soul.
Take a chance come on and dance,dance,dance,
Were gonna salsa yeah were getting down tonight,
Everybody come on and join the party,
Where the music never stops!
Don't wait up,
I just want to party forever,
Never Stop,
Everybodies dancing together,
Don't wait up,
I just want to party forever,
Never Stop,
Viva la fiesta,
Ooohhhh,
Viva la fiesta,
Oh wey,oh,
Ooohhhh,
Viva la fiesta,
Oh wey,oh,
Ooohhhh,
Finally get that feeling,
Your dancing on the ceiling,
Let the rhythm take control.(let it take control)
Everybodies staying,
The music keeps on playing,
There's a fever in your soul.
Take a chance come on and dance,dance,dance,
Were gonna salsa yeah were getting down tonight,
Everybody come on and join the party,
Where the music never stops!
