come inside me and take any breath
lay your arms around me for phenomenal stress
where did you comforts go to fall asleep
all empty words that you have to speak

come a bit closer and do what you like
lay your arms around me and enjoy a
where did your fortunes go false again
all made on each others skin

i'll wake you in the morning
for some
she knew the sparkles on yourself
for the care for watch the run rise

i'm running from time

come inside me and do something real
lay your arms around me and show me how you feel
where did your shadows go to falling asleep
all empty words that you have to speak

i'll wake you in the morning
for sunrise
she knew how sparkles on yourself
if i'll be careful i'll watch the sun rise

i'm runnig from time

feels like loosing all my words and all my senses

but we are

(come inside me and take any breath
lay your arms around me for phenomanal stress
where did you comforts go to fall asleep
all empty words that you have to speak)

i'll wake you in the morning
for sunrise
she knew how sparkles on yourself

if i'll be careful i'll watch the sun rise

i'm running from time
