Money never had so steep a price,
Where do we get the right to sell one's life?
Don't you see the pain in her hopeless eyes
One day her dream escaped into the night,
Darkness overtook the pale moonlight
Minutes turned to days and soon to years,
Now she can't remember life before these tears

I wanna look into your eyes on a beautiful night
Freedom ringing on through the quiet sky
Saying you and I, we are not for sale
Just to hold you in my arms and make this right
The moment you've been waiting for all your life
Cause you and I, we are not for sale
Not for sale

We're fighting power and greed for the suffering
We're bringing hope back to the least of these
But where we do stand, where do we start to fight?
I still believe we can be the cure,
We can carry the love for the whole world to hear
We gotta find a way to make it right,
Cause we're fighting here for a human life

I wanna look into your eyes on a beautiful night
Freedom ringing on through the quiet sky
Saying you and I, we are not for sale
Just to hold you in my arms and make this right
The moment you've been waiting for all your life
Cause you and I, we are not for sale
Not for sale

I can feel we are closer now, I believe we can hear the
sound
Hope is coming for the broken down, we are not for
sale

I wanna look into your eyes on a beautiful night
Freedom ringing on through the quiet skies
You and I, we are not for sale

I wanna look into your eyes on a beautiful night
Freedom ringing on through the quiet sky
Saying you and I, we are not for sale
Just to hold you in my arms and make this right
The moment you've been waiting for all your life
Cause you and I, we are not for sale
Not for sale
