Slide down a banister
Land on your feet and open the door
Hands up, up in the air
Nothing to change and nothing to wear

No cares, no cars, no heat, no heaven, no mice, no
might, no dash, no deal

Come as you were
Come as you are
Come as you came
All naked and drunk on heart and lazy
Come as you were
Come as you are
Come as you came
All heavy with love and sparks and crazy

Blow down a skyscraper
Fill up your pockets
Fill up your nerves
Fall up into my arms
Give me a love and set off alarms

No cares, no cars, no heat, no heaven, no mice, no
might, no dash, no deal

Come as you were
Come as you are
Come as you came
All naked and drunk on heart and lazy
Come as you were
Come as you are
Come as you came
All heavy with love and sparks and crazy
