Woke up this morning feeling fine  
There's something special on my mind  
Last night I met a new boy in the neighborhood  
Oh yeah, something tells I'm into something good

He's the kind of boy who's not too shy  
And I can't help but tell him he's my guy  
He danced close to me like I hoped he would  
Something tells me I'm into something good

We only danced for a minute or two  
But then be stuck close to me the whole night through  
Can I be falling in love?  
He's everything I've been dreaming of

He walked me home and he held my hand  
I knew it couldn't just a one night stand  
And he asked to see me next week  
And I told him I could

Something tells me I'm into something good  
Something tells me I'm into something good

He walked me home and he held my hand  
I knew it couldn't just a one night stand  
And he asked to see me next week  
And I told him I could

Something tells me I'm into something good  
Something tells me I'm into something good  
Something tells me I'm into something good  
Something tells me I'm into something good
