Give it up for me please, put your hands in the air
If you know what's good for you, you wanna shake it
like you just don't care
Would you please clap your hands, now get up on your
feet
I beg of you to get up and dance, it's such a crazy kick-
ass beat

Pardon me, the music is moving, moving from left to
right
Apologies for losing my cooling, losing the day to night

Since I'm asking so nice, would you just entertain
There's nothing left to hide you away just show a little
bit of brain
Yes that is what I mean, that's the nail that I hit
I try to be as coy as I can but I wanna see your naughty
bit

Would you please, would you please
Would you, would you please
(apologies)
(x3)
Would you please clap your hands

Pardon me, the music is moving, moving from left to
right
Apologies for losing my cooling, losing the day to night

Would you be nasty with me
Do you like dancing with me
I think we have a very special quality
I want to show it to you
I want to grow it with you
Would you please clap your hands

Pardon me, the music is moving, moving from left to
right
Apologies for losing my cooling, losing the day to night
