Automatic, Automatic

You give me that special feeling, Boy  
been awake all night  
There's a beat inside my heart again  
its working overtime

No-one's moved me in this way before  
its all so brand new  
You got me so I don't know where I am  
or what I'm gonna do

But I'm ready anytime  
Automatic High  
And I'm walking over Cloud 9  
Automatic High

When I hear you calling out to me  
It makes me come alive

And all the fears seem to fade away  
and I've kissed the past goodbye

But I'm ready anytime  
Automatic High  
And I'm walking over Cloud 9  
Automatic High

Every step, every breath, every beat of my heart  
coming on like a new sensation  
Its just so easy

It's Automatic, Automatic High, High, High, High.  
Automatic, Automatic, Automatic, Automatic.  
Automatic, Automatic, Automatic, Automatic.

But I'm ready anytime  
Automatic High  
And I'm walking over Cloud 9  
Automatic High

Automatic, Automatic, Automatic, Automatic.

Automatic, Automatic, Automatic, Automatic.  
Automatic, Automatic, Automatic, Automatic.
