Move on up
Do your thing
Move on up
Do your thing

Tonight is Saturday night
You wanna freak it but don't know where to funk it
But there's a new thing around
Cause the disco opens up in time

So baby move on up
Get up on the dance floor
Do your thing
Get down tonight
Baby don't stop
Cause I can make you fly so high

Can you feel the beat
It's coming your way
Gonna disco to the top
So don't go away
Can you feel the beat
Out on the town
When we disco to the top now

I caught a glimpse of your eye
Don't know while dancing we'll get into the right mood
So lets get funky tonight
Cause the DJ's pumping up the groove
So baby move on up
Get up on the dance floor
Do your thing
Get down tonight
Baby don't stop
Cause I can make you fly so high

Can you feel the beat
It's coming your way
Gonna disco to the top
So don't go away
Can you feel the beat
Out on the town

When we disco to the top now

Can you feel the beat
It's coming your way
Gonna disco to the top
So don't go away
Can you feel the beat
Out on the town
When we disco to the top now

We can't stop this feeling any longer now
Feel the beat and get down to the grooving
We can dance the music's getting stronger now
Let me take you high

Move on up
Do your thing
Move on up
Do your thing

Can you feel the beat
It's coming your way
Gonna disco to the top
So don't go away
Can you feel the beat
Out on the town
When we disco to the top now

Can you feel the beat
Feel it, feel it
Gonna disco to the top
So don't go away
Can you feel the beat
Disco baby
When we disco to the top now

[Repeat chorus until fade]
