Da da da da da da da da

I am naughty but nice
I am sweetness and light
I will make your dreams come true

I love to dance through the night
I love to watch the sunrise
I wanna wake up bright and new

But when we get together, together

Together we're strong and together we're fun
and we break every heart baby one by one
and it doesn't really matter how old or young
just try an' you'll make it
we know the world is not so gray
we feel the bad times fade away
Together we are strong

I don't mean to get mad
I don't mean to be bad
sometimes I get a little crazy

I love to play like we should
I get a feeling so good
there aint no angels gonna save me

'cos when we get together, together

Together we're strong and together we're fun
and we break every heart baby one by one
and it doesn't really matter how old or young
just try an' you'll make it
we know the world is not so gray
we feel the bad times fade away
together we are strong

Whenever you need a friend...we're waiting
to always lend a helping hand...dont be shy

when you're feeling lonely

When you're feeling down
just remember we can turn the world around...turn the
world around

Woooooh
Wo-oh
Oh-oh

We know the world is not so gray
we feel the bad times fade away
together we are strong

Together we're strong and together we're fun
and we break every heart baby one by one
and it doesn't really matter how old or young
just try an' you'll make it
we know the world is not so gray
we feel the bad times fade away
together we are strong
Together...we are strong
