Have you ever had a friend that never let you down
Right by your side every night and day
Always hear you when you're calling, catch you when
you're falling
Have somebody show you the way

It's ok
Now I know, there is love for everyone
I will go on with you here by my side
You are the one I wanna love
You are the one I'm dreaming of
Whenever I'm down and feeling lonely
You are there to hold me
With you all my troubles are gone
You are the one I wanna love
You are the one I'm dreaming of
Whenever I'm down and feeling lonely
You are there to hold me
With you all my troubles are gone
You are

Have you ever had a dream or a fantasy
Do you believe that love will come your way
Always there to see you smiling
Hold you when you're crying
Tell you everything is alright

It's ok
Now I know, there is love for everyone
I will go on with you here by my side
You are the one I wanna love
You are the one I'm dreaming of
Whenever I'm down and feeling lonely
You are there to hold me
With you all my troubles are gone
You are the one I wanna love
You are the one I'm dreaming of
Whenever I'm down and feeling lonely
You are there to hold me
With you all my troubles are gone
With you all my troubles are gone

And if you ever need me
There's nothing I won't do
Believe me it's true
You are the one (Oh yeah)
My only one (My only one)
I do believe (I do believe, yes I do)
In you and me (Oh yeah)
You are the one I wanna love
You are the one I'm dreaming of
Whenever I'm down and feeling lonely
You are there to hold me
With you all my troubles are gone
You are the one I wanna love
You are the one I'm dreaming of
Whenever I'm down and feeling lonely
You are there to hold me
With you all my troubles are gone
With you all my troubles are gone
You are
