You can change the world  
If you want to, if you want to  
Cause its much bigger than you and me my friend  
Cause its those pimps and those cops and those  
crooked politicians  
We don't need no guns, to get things moving  
WE'LL get it moving

Clandestine Radio  
We'll get the message through  
Clandestine Radio

He could have been  
A doctor, a lawyer, maybe even a teacher  
He never got to know his brother or his father  
They stripped him of, his dignity and his innocence  
yeah  
Cause they took him  
And they shot him  
they shot him  
In the head

Clandestine Radio  
We'll get the message though  
Clandestine Radio

Guns for hire  
Guns for hire  
Guns for hire  
Guns for hire  
Guns for hire
