### "Tokyo Sunshine/Nagasaki Nightmare"

Lights in the city they shine so bright  
Casting my shadow  
These lamp posts won't lead you to where you wanna  
go (wanna go)  
Your gravity in relation to the moon  
Ain't so important  
As the way that you're drifting on through the universe

Black out, black out  
Here comes your iron wave  
Stand up, stand up  
Face it with your arms raised  
This is your moment  
I hope you shine like a diamond

Black out, black out  
Here comes your iron wave  
Stand up, stand up  
Face it with your arms raised  
This is your moment  
I hope you shine like a diamond

Now close your eyes, and realize  
That somewhere in Tokyo there is sunshine  
Waiting for you to come  
On back home  
Nagasaki sidewalks on those cold winter mornings  
I was standing there looking at you  
You were looking at me

Black out, black out  
Here comes your iron wave  
Stand up, stand up  
Face it with your arms raised  
This is your moment  
I hope you shine like a diamond

Black out, black out  
Here comes your iron wave  
Stand up, stand up  
Face it with your arms raised

This is your moment  
I hope you shine like a diamond

YEAHHH!!!!
