Call me whatever but the past has shown I'm stronger
on my own don't need nobody,
Don't wanna make exceptions to the rule cause I am
no-ones fool suffering gladly,

But now I don't have a choice inside me there is a
voice that tells me gotta let go

So,
Can I trust you cause I've been hurt before and I can't
take it any more,
Can I trust you show me your honesty tell me you
promise me the truth,

Yeah, yeah, yeah,

It isn't easy cause I wanna fight but now my hands
are tired and I don't like it,
I hate when there's nothing I can do but when I look at
you I get excited,

Maybe I could do with your help to coax me outta my
shell,
And help me wanna let go,

(Rapped)

'Cause I'm a DJ and slash producer and I got a real
buzz when they introduced her,
'Cause I get what I want and I get it real quick,
If you don't like the water don't cruise the ship,
I use megaphones to get across what I'm saying,
'Cause love is a game and people keep playing,
It hurts when you lose when you really wanna win,
If you're determined right from the second you begin,

(Can I trust you cause I've been hurt before and I can't
take it any more,
Can I trust you show me your honesty tell me you
promise me the truth,)

Can I trust you cause I've been hurt before and I can't
take it any more,
Can I trust you show me your honesty tell me you
promise me the truth
