"Turn The Lights On"

Visit "[Turn The Lights On](#)" on MotoLyrics.com

I love the way you are
Cruisin around like a movie star
You play my favourite song
I hear your voice
When I hum along I can feel
That my love for you is real

There's no surprise
I wanna dance with you
You're a dream come true

Turn the lights on
You got that certain something
Play the music all night long
Turn the lights on
I gotta tell you one thing
You're the one I'm dreaming of

The way you move your feet
Shake and dance to the groovy beat
I really got to say
What you give
Takes my breath away
In your eyes
I see an angel in disguise

There's no surprise
I wanna dance with you
You're a dream come true

Turn the lights on
You got that certain something
Play the music all night long
Turn the lights on
I gotta tell you one thing
You're the one I'm dreaming of
