We got you jumpin' hooplajs

You took a silly kind of look into my head  
I don't need a pretty face to hide my cred  
It's no wonder that you try to play it cool  
Well, you're gonna realise that you're my fool  
No matter what I do, you keep chasing me  
Cos everywhere I go, you're the one I see  
So keep walking, get into full swing  
Keep moving cos I'm sick of your talking  
Rule one, you know you've gotta have fun  
It's how I begun, and it's what we've become  
Rules two and three will make you wonderful to me  
Relax, stay cool and be just what you gotta be

*[Chorus]*

We got you jumping hooplajs in your sleep  
We got you like the kitty's got the cream  
We got you where we want, but you don't got me  
You know we got you real good  
We got you like the desert's got the sun  
We got you climbing mountains just for fun  
We got you wrapped around our fingers and our thumbs  
You know we got you real good

I'm so amazed how far you seem to go  
Too entertaining, go and get your own show

It would take a miracle for you to get respect  
You'll go crazy cause you're playin' with my intellect  
Don't call us cos we'll call you  
We got you hooked, lined and sinker and we'll tell you  
what to do  
Take a chance now, walk the plank now  
Come on, come on, you gotta show me how  
You gotta loop the loop, you gotta jump the hooplah  
Count to three, cos you know we're gonna get ya  
If you wanna get with us, don't fight, don't fuss  
Just give us some respect, you know it's kinda obvious

Oh

*[Chorus]*

We gotcha, we gotcha

You know you're gettin played, I'm here to stay  
You know that I'll be using you all the way  
Cos you're easy peasy, lemon squeezy  
I'm gonna knock you over, all breezy  
You're as simple as ABC, yeah  
And you know you wanna get it together with me  
Cos I'm the madness' sucking you in  
You can't get enough of this as we play

*[Chorus]*

We gotcha, we gotcha

*[Chorus to fade]*
