(Paula Moore)

They call me the cat, I like it like that.  
Where I lay my hat, that's where it's at.  
I saw Jimi stand at Ladyland, electric hand, eclectic  
man.  
Cat has nine lives, cat has nine lives, cat has nine  
lives...

When Bessie was boss and Billie was queen  
I gathered no moss, playin the scene.  
Cat has nine lives, cat has nine lives, cat has nine  
lives...

I was left for dead at the riverbed, a blood red bullet-  
hole in my head.  
Cat has nine lives, cat has nine lives, cat has nine  
lives...

Well, if you cross my path, don't cross the cat!  
You'll regret that, a tit for a tat!  
Cat has nine lives, cat has nine lives, cat has nine  
lives...

Into the indigo sky, soon we will fly!  
Cat has nine lives, cat has nine lives, cat has nine  
lives...
