It's something running through her hair,
It's something like
A morning after a rainy summer night
Somehow crazy for you lately I have been
Intoxicated by your pretty punctuality

I won't mention my intentions
To let you lead me on
And this weakness has me speechless
Why is your body so mean to me
Well, I'm never coming out
Room for two in your heart
No, I'm never coming out of you

The first day,
The phone fell into my hands
It's easy
Sitting all alone and I just might,
Muster up all my Courage
And tell you all about your beauty and my stupid
guitars

I won't mention my pretensions
Because they almost lead me on
And this weakness has me speechless
Why is your body so mean to me
Well, I'm never coming out
Room for two in your heart
No, I'm never coming out of you

I just wanted to say, I just wanted to say
I just wanted to say that I want you
Would it be the same, would it be the same
If I were to say that I want you

I won't mention my afflictions
I'll take you anyway
That I can understand
Why is your body so real to me
Well, I'll never come out
Room for two in your heart

Well, I'll never come out of you
