I thought you were what's best for me
But now all I see of you is inside me
Whenever you turn away, I want you even more
You'll never know this piece of me when my heart is
sore
And I know what fate denied me of
And I know you are only remnants of

Roses & Cyanide
I'll turn my head away just to see you cry
Roses & Cyanide
These feelings we hold inside are all we have now

Face it all, face the whole world
See what we have burned to nothing
See what we have won
Keep away, keep away from me
You're the one I live for & I don't want to breathe

Roses & Cyanide
I'll turn my head away just to see you cry
Roses & Cyanide
These feelings we hold inside are all we have now

(Relieve)
Relieve & cry
(Relieve)
Relieve & cry

Roses & Cyanide
I'll turn my head away just to see you cry
Roses & Cyanide
These feelings we hold inside are all
These feelings we hold inside, oh
These feelings we hold inside are all we have now
