When will I fall in love with the whole world in a day  
If it's not too late and  
In the wake chapters written for the heart of mistakes  
The pain it takes, the pain it takes away

It makes you crawl  
As it makes you small  
As I'm falling even further than what I was at all  
And I like it  
The way she moves  
It's candid

'Cause I'm failing to be a wreck for you  
And I know when I'm through with you all  
Sharpened eyes looking to cut me up  
In the thrill of it all

Never me  
The door it shuts and all I can see is you're not there  
It boils down to in my head that you and me  
You and me were never really we  
Winter in a dream

It makes you crawl  
As it makes you small  
As I'm falling even further than what I was at all  
And I like it  
The way she moves  
It's candid

'Cause I'm failing to be a wreck for you  
And I know when I'm through with you  
Sharpened eyes looking to cut me up  
In the thrill of it all

Awake just so I can say goodnight  
You run the dreams through all the stairwells in my  
head  
You got me wishing I was something more to give  
Then a sin relieve  
Relieve

'Cause I'm failing to be a wreck for you  
And I know when I'm through with you  
Sharpened eyes looking to cut me up  
In the thrill of it all

And I know when I'm through with you  
To cut me up in the thrill of it all
