She'll say that it's over
But we still beat as one in my head
She'll say that it's over
I can't be held responsible for me

On the 7th sign she sent me
She wanted dreams to hold her up
On the 17th I loved her
Yet I wanted chains to drag her down
But it's not my place to tell her how to fly

She'll say that it's over
But we still beat as one in my head
She'll say that it's over
I can't be held responsible for me
I fell into the same damn trap
And it might be a while before I get her back

In the waiting room are memories
I wanted to never meet again
In the patience I resent me
I have no time for you

But it's not my place to tell her how to fly
I just breathe and release, pulling strings she cannot
see

She'll say that it's over
But we still beat as one in my head
She'll say that it's over
I can't be held responsible for me
I fell into the same damn trap
And it might be a while before I get her back

Do not blame me (Do not blame me)
Do not hate me (Do not hate me)

She'll say that it's over
But we still beat as one in my head
She'll say that it's over
But we still beat as one in my head

She'll say that it's over
I can't be held responsible for me

It might be a while before I get her
I fell into the same damn trap
(Be a while before I get her)
(Be a while before I get her)
It might be a while before I get her back
