I think my friend said Â«I hear footstepsÂ»  
I wore my black and white dress  
To the birthday massacre, birthday massacre, birthday  
I wore my black and white dress

I think my friend said Â«stick it in the back of her  
headÂ»  
I think my friend said Â«two of them are sistersÂ»  
Â«I am a murder tramp, birthday boyÂ», I think I said  
Â«I'm gonna bash them in, bash them inÂ», I think he  
said

Then we wished them all a happy birthday  
We kissed them all goodnight  
Now he chases me to my room,  
Chases me to my room, chases me  
In my black and red dress

I think my friend said Â«don't forget the videoÂ»  
I think my friend said Â«don't forget to smileÂ»  
Â«You're a murder tramp, murder trampÂ» I think he  
said  
Â«You're a murder boy, birthday boyÂ» I think I said
