Next phase, next craze, next nothing new.  
Got the pretty boy beat him up black and blue.  
Broke the sissy boy's teeny toy heart in two.  
Turned him into a video kid like you.

I know you're just pretending.  
There's no window for mistakes.  
I know you see right through me.  
There's no promise left to break.

Shot the pretty boy killed him on commodore.  
Need a new game, need a new something more.  
Got a new face got a new way to score.  
Got a voice like something I've heard before.

The message misleading.  
We're lying, we're cheating.  
We're only repeating.  
The motions preceding.
