[Chorus]

Light me up, tie me down  
Don't want your love, passed around  
Light me up, tie me down  
Don't want your love, passed around  
Marriage, you wanna?  
Marriage, you wanna?  
Marriage, you wanna?  
Marriage, you wanna?

Oh my, this california love will get you so high  
You're always thinking of me and you know, know why  
Don't you wanna put a ring on it?  
Make me wanna sing on it  
Light me up, and blow me down  
In your car roll me round  
Well say you wanna take me on a flight, show me now  
Everytime we lip lock, you make me drip drop  
You and me forever keep your love up in my safe lock

[Chorus]

Light me up, tie me down  
Don't want your love, passed around  
Light me up, tie me down  
Don't want your love, passed around  
Marriage, you wanna? I wanna, I wanna, wanna  
Marriage, you wanna? I wanna, I wanna, wanna  
Marriage, you wanna? I wanna, I wanna, wanna  
Marriage, you wanna? I wanna, I wanna, wanna

I wanna, wanna get away with you  
Take you to a private island, babe  
Roll you in, white sheets through every night and day  
Body smoking like reefer, reefer  
And your face is fine as monalisa  
Huh, you're a blue dream when you're taking off  
your new jeans  
Movie on the shoot screen, rolling that make you  
scream  
I always, keep one lit,  
You got me gone, with one hit!

[Chorus]

Light me up, tie me down  
Don't want your love, passed around  
Light me up, tie me down  
Don't want your love, passed around  
Marriage, you wanna? I wanna, I wanna, wanna  
Marriage, you wanna? I wanna, I wanna, wanna  
Marriage, you wanna? I wanna, I wanna, wanna  
Marriage, you wanna? I wanna, I wanna, wanna

I light you up, tie you down  
Don't want your love, passed around  
I light you up, tie you down  
Don't want your love, passed around

[Chorus]

Light me up, tie me down  
Don't want your love, passed around  
Light me up, tie me down  
Don't want your love, passed around  
Marriage, you wanna? I wanna, I wanna, wanna  
Marriage, you wanna? I wanna, I wanna, wanna  
Marriage, you wanna? I wanna, I wanna, wanna  
Marriage, you wanna? I wanna, I wanna, wanna  
You wanna have this?
