She killed that boy
And threw his body in the garbage
Down the hall

She lived with it
Felt like it was nothing really special
At all

She rid herself
Of the cause of her pain

She rid herself
Of the cause of her pain

Evil shines in her eyes
Like fire it roars through her mind

Evil shines in her eyes
A dark flower thrives in it's light

She killed her man
And thew his body
Down the back stairs

She denied it all
Said he was nothing really special
To her

She rid herself
Of the cause of her pain

She rid herself
Of the cause of her pain

Evil shines in her eyes
Like fire it roars through her mind

Evil shines in her eyes
A dark flower thrives in it's light

She killed herself

Blew her body apart

She left no one
To feel like she was anything special
At all

She rid them all
Of the cause of their pain

She rid them all
Of the cause of their pain

Evil shines in her eyes
Like fire it roars through her mind

Evil shines in her eyes
A dark flower thrives in it's night
