

My Diet Pill "Family"

Visit "[Family](#)" on MotoLyrics.com

All my family are here
All my family I know they'll forget me
And now I'm gone

All my family are here
All my family I feel they're around me
Around my corpse

Here we go!
They're arguing again 'bout my money 'bout my name
Today's just the same as yesterday

My people they're tearing her apart
Respect my memory
Not for posterity But just for the family

Everyone's going to the party, tonight
Enjoy my funeral, tonight
All my friends are at the party, tonight
Without me, I'm afraid.
