Just a perfect day, drink sangria in the park Lou Reed

And then later when it gets dark Bono

We go home Morcheeba

Just a perfect day David Bowie

Feed animals in the zoo Suzanne Vega

Then later a movie too, and then home Elton John

Oh! It's such a perfect day Boyzone

I'm glad I spent it with you Lesley Garrett

Oh! Such a perfect day Burning Spear

You keep me hanging on Bono

You just keep me hanging on Thomas Allen

(Instrumental) Brodsky Quartet

Just a perfect day Heather Small

Problems all left alone Emmylou Harris

Weekenders on our own Tammy Wynette

It's such fun Shane McGowan

(Instrumental) Sheona White

Just a perfect day Dr. John

You made me forget myself David Bowie

I thought I was someone else Robert Cray

Someone good Huey

Oh! It's such a perfect day Ian Broudie (Lightning Seeds)

I'm glad I spent it with you Gabrielle

Oh such a perfect day Dr. John

You just keep me hanging on Evan Dando

You just keep me hanging on Emmylou Harris

(Instrumental) Courtney Pine

(Instrumental) Andrew Davis/BBC Symphony Orchestra

You're going to reap just what you sow Brett Anderson (Suede)

Reap, reap, reap Visual Ministry Choir

You're going to reap Joan Armatrading

Just what you sow Laurie Anderson

You're going to reap just what you sow Heather Small

You're going to reap just what you sow Tom Jones

Reap, reap, reap what you sow Visual Ministry Choir

Oh! What a perfect day Lou Reed
