Thank god we rested here  
All silver winged and bottle vision  
It's a good day to skip out on our thoughts (on our  
thoughts)  
And just enjoy this jaded joke  
You've gotta kid yourself  
To make the mile work

Like kissing lipstick  
Or angels in the sand  
I saw you stumble  
Still you don't grab my hand

I see this it mustn't be real  
I'm nervous my stomach just fills  
With timid silken butterflies  
Aren't they just like monsters

In the neon splendour  
Be the love you're looking for  
As faded clockwork clicks, hypocrites (clockwork clicks)  
I almost wish we were butterflies  
And just live for three summer days  
Then end surrounded with 'dÃ©solÃ©'

Like kissing lipstick  
Or angels in the sand  
I saw you stumble  
Still you don't grab my hand

I see this it mustn't be real  
I'm nervous my stomach just fills  
With timid silken butterflies

Aren't they just like monsters  
Aren't they just like monsters  
Aren't they just like monsters

Like kissing lipstick  
Or angels in the sand  
I saw you stumble, you don't grab my hand

Like kissing lipstick  
Or angels in the sand  
Timid silken butterflies  
Aren't they just like monsters  
Aren't they just like monsters

Still you don't grab my hand  
I see this it mustn't be real  
I'm nervous my stomach just fills  
With timid silken butterflies  
Aren't they just like monsters
