Look at this face here beside me
I wonder how can I win back your heart
And you should never say never to falling in love again
I won't give up, no-oh

Somehow our love has been frozen
I feel a chill where it used to be so warm
But in my heart of hearts I know
That our love shouldn't be so cold

And there'll be a brighter day (ho-woah)
Better love is on the way
For you and me the best is yet to come

If we open our eyes to the sunshine
Then maybe you'll be amazed at what we'll see
Just let me follow your life
To prove that I'm the one you've gotta choose

And there'll be a brighter day (ho-woah)

Better love is on the way
For you and me the best is yet to come

So don't you ever dare to doubt we'll make it through
Why don't you know by now how I believe in you
And if we give our love a second chance
We'll make it last, we'll make it last, we'll make it last

Just let me follow your life
To prove that I'm the one you've gotta choose

And there'll be a brighter day (ho-woah)
Better love is on the way
For you and me the best is yet to come

We've only just begun so wait and see (the best)
The best is yet to come (ooh), ah-ah
(The best) and there'll be a brighter day (ho-woah)
Better love is on the way
For you and me (the best) the best is yet to come (ooh)
(Ho-woah) For you and me the best is yet to come (ooh)

(The best the best) the best is yet to come
