The moon falls on the railway yard  
We walk together arm and arm  
Faith and blind devotion  
Come glide upon the rusted edge  
Never question straight ahead  
Right out in to the darkness of the hours that life can  
Bring  
I'll stand beside you hold you close  
When you're in need of comfort most  
Especially when you make no sense

This is what we mean  
When we talk about love  
This is what we mean  
When we talk about love

I've found myself a Hinterland  
It's perfect for a short time  
I think you'll find it likeable  
Please wait your hurry  
Not too fast  
Just hold out while the moment lasts  
I know I used to wander  
But I promise you that I'll stay  
And if you make some strange mistake  
Fall down hard and break your neck  
I'll hang in here just right beside you

This is what we mean  
When we talk about love
