And I don't know if I love enough but how much could  
we love, if we could love too much  
And I don't know if we think enough but what do I think,  
if I don't have a thought  
Prechorus: well anyways you should be here with me  
tonight  
And anyways you should be here with me  
Chorus: and you won't take my hand over your plans  
(x2)  
And I just know that we can't see enough of us to keep  
this up  
It's all up to us  
And it's beginning to be a lot like love  
Or is it just us  
Oh no, it's not just us

Prechorus

Chorus

Just wait and see I'll be the one  
I'll wait it out all alone  
It's worth a shot and you will see that you're the only  
one for me  
You see it now, you're so sorry it took so long and now  
it's come  
And I'm the only one you see  
I'm the only one you see  
What should I do?  
Should I love you?  
Or teach a lesson  
Ou should have seen then  
And now it's come, but is it too late?  
It is too late, it is too late
