[E]

Goin' to the club until the morning and the light is
coming up

Another day; I see the sun and feel alright.

Goin' to the club until the morning and the light is
coming up

Another day; I see the sun and feel alright.

Goin' to the club until the morning and the light is
coming up

Another day; I see the sun and feel alright.

[/E]

[HP]

Goin' to the club until the morning and the sun is
coming up

Another day; I see the sun and feel alright

I don't wanna' sleep, I wanna' dance, I wanna' jump

Until the sun is going down I see the moon and feel
alright.

Ye-eah! Everybody's fine, everybody's fine!

Don't waste no time, don't waste no time!

Comin' on strong, comin' on strong.

Back to the beat, this can't be wrong. Yeah!

Goin' to the club until the morning and the sun is
coming up

Another day; I see the sun and feel alright.

I don't wanna' sleep, I wanna' dance, I wanna' jump

Until the sun is going down I see the moon and feel
alright.

Ye-eah! Everybody's fine, everybody's fine!

Don't waste no time, don't waste no time! Yes!

Comin' on strong, comin' on strong.

Back to the beat, this can't be wrong. Yeah!

Goin' to the club until the morning and the light is
coming up

Another day; I see the sun and feel alright.
I don't wanna' sleep, I wanna' dance, I wanna' jump
Until the sun is going down I see the moon and feel
alright.

Ye-ha! Everybody's fine, everybody's fine!
Don't waste no time, don't waste no time! Yeah!
Comin' on strong, comin' on strong.
Back to the beat, this can't be wrong. Yeah!
