Stuck on you  
I got this feeling down deep in my soul that I just can't lose  
Guess I'm on my way,  
Mighty glad you stayed

Alright now, come on!  
Gotta live for the moment, everyone could be the last  
Might be no tomorrow, might be no past  
Too fast things will change, what you never expect when it's getting strange  
He say, she say turn the tune to replay, it's time and today got big like a DJ  
He say, she say turn the tune to replay , try it today - in a different way, yeah

Stuck on you  
I got this feeling down deep in my soul that I just can't lose  
Guess I'm on my way. Needed a friend  
And the way I feel now I guess I'll be with you 'til the end  
Guess I'm on my way, mighty glad you stayed

Alright, praise the science!  
Keep it up, keep it up, keep it up!  
Yeah!  
Right!

Vicious is the sight, but deepness is the beauty  
What you once feared now makes you free  
Yeah - I won't hesitate, wanna demonstrate what I create  
He say, she say turn the tune to replay, it's time and today got big like a DJ  
He say, she say turn the tune to replay , try it today - in a different way, yeah

Stuck on you.  
I got this feeling down deep in my soul that I just can't lose  
Guess I'm on my way  
Needed a friend  
And the way I feel now I guess I'll be with you 'til the end  
Guess I'm on my way... Replay! ...mighty glad you stayed.

Praise the science.

Wicked, yeah!  
Alright now... are you ready for one more time, yeah!

Needed a friend  
And the way I feel now I guess I'll be with you 'til the end  
Guess I'm on my way, mighty glad you stayed
