Ahhh!

Let's Go!

We gonna mix up the place and tare it off inside!
yeah yeah yeah yeah yeah!

Right about now, it's the mic wrecker
to bit to rhyme, 2 times sicker
2 times darker, to blow the speaker
Dangerous, to bring the creep up!
Rolling with the mic provider,
iam the real rythm writer!
Damage from the infiltrater, take a break!
I see you later, Yes!
Alright!
Common!
Yes!

When iam on the mic, best realize

As i exrecise, my Boca surprise
Bought you never get, with bass and check
To make your body swag, i've got the ram
As the lyrical master, banging straight out of your
Stereo blaster! Faster and faster!
we stick with the phase, ravers watch out
They will screw up your face! And take a break now!

Get Up!

Yeah!

Yeah!

Slow down for one more time yeah!

Yeah!

Get Up!

Alright everybody see you in a minute! arrgh!
