Back on the mic I got the sound  
Holding you down, down to the ground  
Speaking the melody  
Who out there got the skills to test me?

I've been here for far too long  
It's time to break out, it's to be strong  
Beats going crazy inside my head  
Everything's alright, here comes the night

I'm a went, I talking to me  
Put, it's love I see  
I know you can make it lie  
I'm still waiting, love

Waiting for the love by me  
If you want me too?  
There's something down  
Down the sky, I don't know

I'm a went, I talking to me  
Put, it's love is see  
I know you can make it lie  
I'm still waiting love

Waiting for the love by me  
If you want me too?  
There's something down  
Down the sky, I don't know

Don't be afraid, it's just my work  
Comin' up, bringing the words  
Soon I'll have ya movin' in time  
It ain't my fault, just the lyrics that rhyme

As I chop, change, rearrange  
Choose and refuse 'cause of fame  
Gonna getcha hot like a burning flame  
Everything's alright, here comes the night

I'm a went I talking to me  
Put, it's love is see

I know you can make it lie  
I'm still waiting love

Waiting for the love by me  
If you want me too?  
There's something down  
Down the sky, I don't know

I'm a went I talking to me  
Put, it's love is see  
I know you can make it lie  
I'm still waiting love

Waiting for the love by me  
If you want me too?  
There's something down  
Down the sky, I don't know

Waiting for the love by me  
If you want me too?  
There's something down  
Down the sky, I don't know
