I understand  
What you're trying to say  
No need to say it  
I am leaving  
But don't walk away  
Just stay right there i'll fall.  
And i'll just look at you  
And I'll just look at you  
And i'll just look at you  
And i'll just look at you

I don't know why  
I always feel like this  
It's hard to breathe  
When you're around  
Your big blue eyes  
Are drowning me to sleep  
The space is tearing me  
I'll stay, please stay  
I'll stay, please stay  
I'll stay, please stay  
I'll stay, please stay

Words are not important  
Smiles are all i need from you  
The yearning, it's getting stronger im dumb.  
I hope you like me too

You're two tables away  
You could see me mesmerised  
I want to talk to you but im so scared  
Before i never cared,  
Infatuation's never there  
But now it's killing me i really hate myself

Words are not important  
Smiles are all i need from you  
The yearning, it's getting stronger im dumb.  
I hope you like me too

Words are not important

Smiles are all i need from you  
The yearning, it's getting stronger im dumb.  
I hope you like me too
