**Nobody Can Stop Me**

(Bizzy)

What are you goin' through? What are you goin' through?

If you only knew, if only you knew

What are you goin' through? What are you goin' through?

If you only knew

(Nobody can stop me Damn)

Nobody can stop me, now Nobody can stop me, now

What are you goin' through? What are you goin' through?

If you only knew

(Nobody can stop me)

What are you goin' through? What are you goin' through?

If you only knew, if you only knew.

(Bizzy)

Look at my sister sadden when my baby's mammy

Like she can't stand me

Say family be the first to turn so pity (?)

Filamina, my granny, celebrate the grammy damn

Nobody knew no plannin' was so perfect

Rollin' my (?), never forget the Bones

Trippin' on foster homes

Sayin' I wasn't manly with a scarred up soul

Why can't my skeletons understand me

What if I said I was molested

Would you look at me peel,

But I keep on bailin

And I hope I don't go to hell, stressed I will

Can I sell my bio? I was born in Ohio

Already on trial

Cause Pops said I looked too light, but mom 's just white

But I still had your smile

And look at me now gotta be proud of myself

Ain't nobody else soundin' so worried about my health

And all the while takin' care of my kids

How would they live  
If I ain't hustlin', strugglin', (trustin') still keepin' Jesus a  
part of  
solution  
He gives life in the lungs  
Breath through tongue  
Now here it comes  
Now, here it comes; and here we go

(chorus)

Nobody can stop me, now Nobody can stop me, now  
Nobody can stop me, now Nobody can stop me, now  
If only you knew  
What am I goin' through, goin' through, goin' through?

(Bizzy)

And my mama took plenty beatings  
Now in her third damn marriage and man  
Actin' like he cares apparently 'till you perish  
But I was always there for you  
Even though you let me leave he's beatin the shit outta  
me, too  
Probably why I got my bodyguards  
And I'm in charge  
Watch me sleep the pay is meek  
But stay with me  
And keep my heart collateral, we'll never break apart  
Y'all didn't see me with Eazy, as a child of god  
With the underdog  
Never applaud once you reminisce through the ball  
Movin' in Heaven's movie  
Y'all, think of all that fucked-up shit you saw  
Only if you knew what I was goin' through

(chorus)

What am I goin' through, goin' through, goin' through?  
If only you knew  
Nobody can stop me, now nobody can stop me, now  
Nobody can stop me, now nobody can stop me, now  
If only you knew  
What am I goin' through, goin' through, goin' through?

(Bizzy)

Flashback to may and with the weight of the world  
Can't stop my girl from steppin  
Lookin' for affection in wrong places  
My lesson be learned world turns  
The early bird gets the worm  
What if it's rotten while you rushin' for love and get  
burned?  
Five kids and that's my only concern

I was a father before I became a man society don't  
comprehend  
Callin' me worthless but I could purchase what they  
purchase  
But I understand behind closed curtains you workin' on  
being a man  
Death scares me  
But Jesus will prepare me  
And hopefully repair me  
As god would want him to, really really  
Ghetto media see the thug  
Watch your sins  
Then it's true you can be born again.

(chorus) (repeat till end)  
What am I goin' through, goin' through, goin' through?  
Nobody can stop me, now Nobody can stop me, now  
Nobody can stop me, now Nobody can stop me, now
