"Tonight"

it's time to leave your cage
c'mon let's get it on
and that's what she said
what goes up must come down
don't you know I will
blow away your clouds
one more little step and
just expect the best
that's what she said
hurry up cause you're so young
don't you really know it's
time to move on...
tonight tonight
I fell so right I could cry
tonight tonight
I feel so right I could die
too much pondering I'm not the only one
and that's what I did wrong
would you please come around
don't you know I
won't spend the night without

one more little step and
just expect the best
that's what she said
hurry up cause you're so young
don't you really know it's
time to move on...
tonight tonight
