Met her on a plane
Got her stuck inside my brain
My hand was on her thigh
She didn't even say goodbye

Dat's Da Way It Go
Dat's Da Way It Go
Dat's Da Way It Go
She did it all for show

Do you wanna see
All the things she wrote to me
Carolina say
You gonna be my girl someday

Dat's Da Way It Go
She dealt the fatal blow
Come hear my tale of woe
Worst groupie that I know

Like to plan ahead
Why's she sleepin' in my bed
How the night was long
How could I have been so wrong

Dat's Da Way It Go
Dat's Da Way It Go
Dat's Da Way It Go
She did it all for show
