Remember the summer of '99
So many things that I never said to you
If I had a way to turn back time
I never said that you had to be untrue

Where will we go?
What will we do?
Just me and you
Where will we drive, taking a ride
Just you and I
'Cause everything about you makes me lose my mind
Where will we go?
Where will we hide?

Saved a little money and I'm getting on a bus
And I won't tell no one just the two of us
So sorry that you couldn't come along
So I'll stare out the window and write this song

Where will we go?
What will we do?
Just me and you
Where will we drive, taking a ride
Just you and I
'Cause everything about you makes me lose my mind
Where will we go ?
Where will we hide ?

We're changing â€¦
Who's sorry now
Waiting for time somehow
I know we'll find the road

Stepping off the bus I had the feeling
Things were about to go my way
From the floor, to the light,
to the vinyl ceiling
I don't care much anyway

Where will we go?
What will we do?

Just me and you
Where will we drive, taking a ride
Just you and I
'Cause everything about you makes me lose my mind
Where will we go?
Where will we hide?
