Name above all names, the Great I AM  
Here to seek and save the lost  
The road You chose to take  
Fulfilled a plan  
That led to death upon a cross  
Blessed Savior, Faithful Friend  
Three days later You rose again

(chorus)

Jesus, You are the way and the life  
Jesus, You are the truth  
Jesus, there is no doubt in my mind  
That my hope is only in You

Lame will learn to walk  
The blind will see  
Your miracles leave us amazed  
Holy Son of God, King of kings  
You are worthy of our praise  
Great Redeemer, Precious Lord  
You're the One I am living for

chorus

The woman at the well  
Zacchaeus in the tree  
The men who sent their friend down  
Through the roof to see You  
As far as I can tell  
They would all agree  
You are the One that we need  
You are the One that I need

chorus
